

ALL IN DANGER OF ASSASSIN'S GUN

Men Exposing the Murder
of Goebel Threatened
With Death.

MOUNTAIN MEN FEARED

Desperadoes From Southeast-
ern Kentucky Gathering
Near Frankfort.

They Are Said to be Planning to Kill
All Officials and Witnesses of the
State in the Goebel Murder Case—
Sheriff Prepares Hot Greeting for
Invading Force—Sensational Evi-
dence to Place Before the Court.

Frankfort, Ky., March 26.—[Special Telegram]—The third day of the trial of the republican secretary of state, Caleb Powers, charged with being an accessory to the assassination of Goebel, attracted a large crowd. Witness W. P. Golden, being too ill to go on the stand, court was adjourned until 1 o'clock. It is rumored that Captain John Davis may be released on the ground that the prosecution is disappointed in its efforts to get evidence against him. Taylor today returned to Frankfort from Louisville.

Frankfort, Ky., March 26.—A carnival of assassination is expected in Kentucky by those who know the character of the mountaineers. Every man now under arrest for the assassination of William Goebel is a mountaineer. No blue grass republican has been charged with complicity in the crime, nor have the blue grass republicans been showing themselves in Frankfort in any numbers during the trials now in progress.

The mountaineers have brought their methods to the state capital and, if the threats they are said to have made amount to anything, they intend to kill all the witnesses who testify against friends and all the detectives who caused their arrest.

Golden Fears Death in Court.

Sergeant Wharton Golden, being himself a mountaineer, realizes his danger from assassination and today he will insist that he place his back against the wall so that he cannot be shot from behind. He is under constant and heavy guard.

Colonel D. C. Colson, ex congressman from the eleventh district, who is an uncompromising republican, he is afraid of assassination, because he took an active part in trying to find out who killed Goebel, who was his personal friend, although his political opponent.

Thomas C. Campbell, the leading counsel for the prosecution, fears assassination and says that he may never get through the trial alive.

Colonel Jack Chinn has received more than 100 threatening letters from men who say that they are going to kill him. Commonwealth Attorney Franklin has received a similar letter, as have Sheriff Henry M. Bosworth and Chief of Police John Ross of Lexington.

It develops that the assassination plot, which culminated in the killing of Goebel, included Chief Justice Hagerigg and Judge Poynter of the court of appeals.

Mountaineers Are Gathering.

News reached here today that mountaineers are assembling at High Bridge, which is only twenty-five miles above Frankfort on the Kentucky river, and it is believed that they intend coming to Frankfort by water, reaching there early tomorrow morning. Sheriff Sutter was notified and will be prepared to give the mountaineers a warm reception.

Today's developments in the Powers trial promises to be more sensational than was Wharton Golden's testimony of Saturday. Mrs. Golden, it is announced, will go on the witness stand. It is said that she knows of some things that Wharton has not yet mentioned that will be anything but favorable to the defense.

Governor Taylor's furniture from the executive mansion had all been packed and loaded on a car for shipment. Just what this portends cannot be learned.

CORBETT TO SEE EUROPE

Sells His Home in New York and Will
Take a Trip Abroad

New York, March 26.—James J. Corbett has sold his house in West One Hundred and Nineteenth street for \$40,000, and after fighting Jeffries for the championship of the world, in May, he will start on a trip around the world. He will be accompanied by his wife, who has been in poor health for some time. The house he sold was in her name.

Win or lose—and Corbett says it is win—the former champion is bent on seeing all that a globe trotter can. He can afford it, too, for while many men have pounded out a fortune with their fists and have let it slip through their fingers afterward, Corbett has avoided the temptations that have ruined other famous pugilists and has a snug fortune at the present day. And he is still in the fighting business.

Although there was much adverse comment upon the match made by Corbett with the present champion, Corbett insists that he has meant business from the first, and his excellent condition of late has caused much thinking among the wise ones who make big bets on pugilistic events.

HANNA DENOUNCES A NEWSPAPER LIE

Ohio Man Makes a Statement on the
Floor of the United States
Senate Today.

Washington, March 26.—[Special Telegram]—In the senate today Mr. Hanna read an article from the Washington Star in which the statement is made that a republican member of the house told a representative of that paper that the Porto Rican tariff bill would pass the senate because a deal had been arranged to raise campaign funds for the republican party. Hanna said he did not believe any member of the house made such a statement and wished to denounce the statement as a deliberate, malicious lie.

MORMONS FLOCK INTO MEXICO

Colonies Near Chihuahua Increased by
Immigrants From Utah

Chihuahua, Mexico, March 26.—The several mormon colonies in this state have been increased in population by the arrival of over 5,000 mormon immigrants from Utah during the last two months. The new mormon colony of Duablan, in the northwest part of the state, is having a rapid growth on account of this great influx of mormon settlers.

The colonies were established under concessions granted by the Mexican government. Wealthy mormons of Ogden and Salt Lake City, Utah, have purchased several thousand acres of land near the Duablan colony, and will divide it into small farms for the new settlers. A number of mormon missionaries have just left Duablan for the United States to secure new recruits to the faith. These additions to the church will be sent to Duablan to locate.

SENATE IN FAVOR OF A COMPROMISE

REPUBLICANS WILL AGREE ON
PORTO RICO BILL TODAY.

For a Tariff Only One Way—Problem
is Whether Change Will be Made
in Home Bill or Foraker Measure
Free Traders Will Undoubtedly
Stand Firm.

Washington, March 26.—Today is expected to decide the fate of the Republican efforts to reach an agreement upon the Porto Rico bill. A Republican senatorial caucus or conference will be held at 4 o'clock. The questions to arise before it are:

Shall the 15 per cent bill be amended so as to provide free trade on articles going into Porto Rico limiting the duration of the tariff on goods coming this way to such time as Porto Rico may provide its own revenues? If this be decided in the affirmative shall the amendments be added to the house bill, or shall the bill be passed intact and the amendment be tacked upon the civil government bill?

The understanding among the senators of both factions is that the compromise will be agreed to and the chief danger is a conflict of opinion as to whether the house bill or the Foraker bill shall carry the new provisions. But the principle of the compromise once agreed upon it is predicted there will be little difficulty in arranging the method by which it shall be carried into effect.

Free Traders Confident

The senators who have been fighting for free trade continue to claim that in case the compromise goes through the victory will be theirs. They say it is a recognition of the principle that Porto Rico is entitled to free commercial intercourse with the United States. The mere fact that for a few months that intercourse will be limited by a nominal tariff of 15 per cent on goods going one way does not, in their estimation, affect the value or minimize the importance of the triumph of principle.

A few of the more ultra free traders on the republican side are in some doubt as to whether or not they should stand out for absolute and immediate free trade, but the best opinion is that they will join their colleagues in adherence to the compromise.

Senator Foraker said he expected both the house bill and the civil government measure to be laws before next Sunday.

Republicans Will Settle It

Both sides are bluffing, but it is a fight as yet entirely within the republican fold, and it will be settled there. The meeting this afternoon will be a conference, not a caucus, but upon its result the vote in the senate will depend. The free trade republicans do not want to unite with the populists and democrats to beat the tariff, and, on the other hand, the regulars do not care to make the same unholy alliance to carry out a measure they know to be offensive to the people. Thus, while the warring elements still proclaim it must be tariff or free trade, to close observers the compromise is in the air and is a much more probable result than either of the extremes.

HILLIS RENOUNCES HIS FORMER CREED

Presbyterian Doctrine of Eternal Punishment He Believes is Based
on Ignorance.

Brooklyn, March 26.—Newell Dwight Hillis, from the pulpit of Plymouth church—the pulpit of Boecher and Lyman Abbott—flung yesterday this defiance at the doctrine of the Presbyterian church, in which he had grown up and to which he still owes allegiance:

"I would rather shake my fist in the face of the eternal and fling every vile epithet towards the stainless throne, whose eternal mercy sits with the world's atoning Savior, than lift my hand with that creed toward God's throne and affirm that I taught or believed it."

He was speaking, indeed, in a liberal and independent Congregational church and to an audience of liberal people but his attack on the Calvinistic theology of his own denomination was none the less startling for that.

To those clerical leaders of his church who have remonstrated with him for his liberal views in the past he quoted the words of the Presbyterian creed stating that certain men are foreordained to everlasting death, being "particularly and unchangeably designed, and their number is so certain and definite that it cannot be either increased or diminished," and then said:

"It would seem as if a man would prefer to be burned at the stake rather than hold and charge such infinite cruelty upon the all-merciful and all-loving God."

And again: "For the man who does believe that hideous doctrine the hour of judgment has already come."

States and Submit an Important
Proposition to President Mc-
Kinley.

London, March 26.—[Special Cablegram]—Nothing has come to break the dullness of the war news. Preparations for an advance on the Transvaal are evidently well under way. NETHERSOLE DOWN WITH BRAIN FEVER

Legal Proceedings Against the Actress
of "Sapho" Have Had That
Result.

New York, March 26.—The attack of brain fever which has prostrated Olga Nethersole and from which she may not recover is directly traceable to the campaign against "Sapho" and her subsequent indictment. News of her severe illness has turned the current of public feeling, and those who were the first to blame are now the loudest in expressing sympathy.

Her physicians no longer conceal the fact that her condition is very serious. Whether it has yet reached the critical stage nobody outside of her own friends can discover, so careful are those in attendance on her to keep all news from the public. Mrs. Phelps and Curtis are in hourly attendance upon her. Miss Nethersole is at the Hoffman house, and the esteem in which she is held is daily evidenced by the presence of persons who call to either see or else send their cards to her.

METHODISTS MAY UNITE CHURCHES

An Important Move in Loc-
al Religious Circles is
Contemplated.

ONE STRONG CHURCH

Proposed Combination of Court
Street and First Methodist
Church Societies.

Quarterly Conference of Each Society
Will be Held This Week to Decide
Upon the Project—If Accomplished
it Means a New \$30,000 or \$40,000
Church Building and the Strongest
Religious Society in Janesville.

An important move in local religious circles was inaugurated yesterday morning, when Rev. Mr. Hall of the Court Street church, and the Rev. Mr. Woodside of the First church, announced from their pulpits that the quarterly conferences of the First Methodist and the Court Street church would meet on Tuesday and Wednesday evenings of this week to consider the question of consolidation of the two churches into one big organization.

The union of the two churches has been in agitation for some time, and now definite steps will be taken to accomplish such a much desired result.

The combination of the two Methodist church societies into one would bring about a membership of approximately 600, and would make the largest church society in Janesville.

The idea of the movers in this agitation is to establish a powerful church organization, with which it is believed that more good can be accomplished than with the two smaller and weaker churches. It is proposed in good time to dispose of the present church properties and with the proceeds to build a new \$30,000 or \$40,000 church that will be a pride and glory to the city.

It is estimated that the Court Street and First church combined property is worth in the neighborhood of from \$25,000 to \$30,000. There is no encumbrance on either property except \$1,000 on the Court Street church parsonage. The proceeds from the sale of both properties would very nearly bring the sum desired to build the proposed new church edifice.

The quarterly conferences which meet tomorrow night and Wednesday night, have entire charge and control of this matter so far as the amalgamation is concerned. If favorable action should be taken by them the consolidation can proceed at once at the pleasure and to the extent desired, by the quarterly conferences and the memberships. The formal consolidation, however, cannot be accomplished until the annual conference meets some time next fall. Until that time the two present organizations must remain distinct and separate. The Wisconsin conference, always guided by local desires in such matters, will then formally combine the two and appoint one pastor for the church.

Many Methodists in both societies have long desired the union of the two local societies. The advantages are manifest. It would result in a strong association, a big, flourishing and powerful church, with the means and ability to do great good. At present the forces are divided, the financial strength is comparatively small and the opportunity to push the grand work of the church is limited. The union of the two churches it would appear to an outsider, is a thing very much to be desired.

If the quarterly conferences decide upon the union and there seems to be no doubt but what they will, the work for a complete union by the state conference will at once be inaugurated. There are many matters of detail to be arranged and it is likely a committee from the two churches will be appointed to take charge of the whole affair.

The combination is looked upon with much favor by business men and others not members of the Methodist church. It means to them a strong, flourishing church society and a larger modern church edifice to add to the attraction and growth of Janesville.

BAN ON CIGARETTE SMOKING

Weather Bureau Holds Habit Detrimen-
tal to Efficient Work

Washington, March 26.—"Investigations by inspectors convinced me that a cigarette smoker is not a fit man to be entrusted with the important work of the bureau." This is the opinion of Willis L. Moore, chief of the weather bureau, who has issued an order prohibiting every individual connected with the service from smoking during office hours.

FAREWELL SERMON OF REV. E. H. PENCE

VAST AUDIENCE PACKED THE
CONGREGATIONAL CHURCH.

Five Churches Join in Paying a Tribute
to the Little Minister—Urges Cultivation of Brotherly Spirit Among
the Different Christian Denominations.

A vast audience that packed the First Congregational church from the pulpit to the doors was assembled last night to listen to the farewell sermon of the Rev. E. H. Pence of the Presbyterian church who has accepted a call to Detroit, Mich., and will leave for his new field during the ensuing week. The congregations of the two Methodist churches, the Presbyterian, Baptist and the Congregational church filled the large auditorium to overflowing. It was a union service and the other churches had closed their doors for the event.

Pastors Denison, Pence, Hall, Kempston and Woodside occupied the platform and led in the exercises. The choir was fully represented and rendered special selections in a praiseworthy manner. The congregational singing had a volume and sonority and harmony that was evidence of the habitual church goer.

Rev. Mr. Hall read a scriptural selection and Rev. Mr. Woodside made a prayer with a feeling reference to the departure of the Presbyterian divine. Then the Rev. Mr. Denison in a few well chosen words introduced the future Detroit preacher. He said that personally he felt the loss of his brother minister very much. He had formed a close friendship with him and leaned upon him for advice and support. He paid a handsome tribute to the popularity and effective christian work of the departing minister. He predicted that he would be equally successful and popular in the new field he was about to enter.

Then Mr. Pence arose. In any other place and at any other time he would have been received with a vigorous round of cheers. The vast audience felt it and looked it, but then the proprieties must be observed. The little minister was evidently embarrassed. He said he was, frankly. For form's sake he had selected a text somewhere in the book of Hebrews concerning brotherly love. He extolled the prevalence of that spirit among the churches of Janesville. During his pastorate in this city for something over six years he had never met that professed Christian man or woman, from whom he had not received sympathy and encouragement in any work to extend the course of Christ. This applied not only to the Protestant churches but to St. Patrick's and St. Mary's churches pastors and membership as well. He urged the cultivation of this brotherly spirit among the different Christian denominations.

He intimated there were necessary reforms needed in Janesville such a union of effort could accomplish at the ballot box. The city reeked with moral filth that could easily be swept away by a combined effort on the part of the Christian churches. It was a work incumbent upon the followers of Christ. "There are places upon our streets," he continued, "that I would not like my wife and mother to pass at certain hours of the day and night. It is a condition of affairs that should be remedied." Mr. Pence's address was thoroughly enjoyed by the audience. He was at his best, with his keen, epigrammatic sentences and unconscious humor, he kept the assemblage on the qui vive from the beginning to the end of his somewhat rambling talk. On Tuesday evening next there will be a farewell reception tendered him in the parlors of the Presbyterian church.

STORY OF MR. WHITEHEAD

Milwaukee Journal Man Tells How He
Refused to Be Worked.

The Milwaukee Journal's "Man with the Hoe" tells this story of Senator Whitehead:

A member of the last state legislature told the following story about Senator Whitehead Saturday morning in the lobby of the Pfister to The Man With the Hoe:

"Senator Whitehead was graduated from Yale in 1877, and has ever since been enthusiastic in his devotion to his alma mater. No Yale man is more loyal. But the senator is not over-communicative and does not boast unseemingly of his superior advantages in matters educational. Last winter during the session a smooth 'bunk' man worked a number of the members in various ways, and finally ran across Senator Whitehead. Someone told Mr. Bunk that the senator was a Wabash collegeman (incidentally being the truth, or a part of it), and when he opened on the Janesville de-

fenses he said: 'Ab, senator, we are both college men, and I know you will not refuse a little help to a needy man with more education than ready money. I am myself a Yale man and only the most unfortunate circumstances have reduced me to this condition of need. When I left Hartford I never thought to seek the charity of any man.'

"Hartford?" inquired the senator. "Yes, indeed. I'm a Yale graduate. Someday I hope to go back to Hartford and see the dear old college buildings and visit with comrades of happier times."

"But I thought Yale was in New Haven," observed the senator. "It was in 1877 when I was there."

"Yes, stammered graduate Bunk. 'Perhaps they've moved.'"

"And a gentle hint from Mr. Whitehead led the fakir to move with considerable alacrity to work some less argumentative man."

MURPHY MEETING LARGELY ATTENDED

Fully Six Hundred Speakers Were at
the Y. M. C. A. Building Yesterday—Many Speakers.

Fully six hundred people were in attendance at the meeting of the Francis Murphy Temperance League held yesterday afternoon at 3 o'clock, at the Y. M. C. A. building. The session was called to order by President Fred Holden and opened with a prayer offered by Rev. Walter A. Hall, pastor of the Court Street M. E. church. The orchestra from the State School for the Blind was present, and rendered several selections, that were well received. George Paris then rendered a solo in his usually pleasing way.

A. E. Matheson followed by giving a short but to-the-point talk on temperance. He frequently spoke of the good that Rev. E. H. Pence had done as a member of the League, and of how he will be missed from the ranks.

Rev. E. H. Pence was the next speaker on the program. He spoke at length on the good work that the Murphy League had done in Janesville and of how he regretted leaving the work that he had entered into with heart and soul. Rev. Pence spoke of the good work on temperance that had been accomplished by Otis H. Brand, John H. Jones, Dr. James Mills and others.

John H. Jones, secretary of the League, was the next speaker. After a few remarks Secretary Jones presented Rev. Pence with a handsome and costly fob watch chain as a token of esteem from members of the Murphy League. Nathan Dearborn was the last speaker on the program and his remarks were listened to with marked attention.

The meeting as a whole proved to be one of the most interesting and profitable in the history of the League and no little credit is due Al Smith, who was in charge of the arrangements.

ROOM FOR CHILDREN AT PUBLIC LIBRARY

Was Formally Opened This Afternoon—
Was Fitted Up for the Use
of Children Only.

At the public library this afternoon a children's room was formally opened. This room is for the exclusive use of children, and will fill a long felt want. It opens from the gallery in the library. Its shelves are filled with the best of literature for the younger set. The children are given access to the shelves, thus being able to select their own books. The room will be made most attractive by the liberal use of pictures and bulletins. Mrs. Minnie Meuzies will have charge of the new department. H. L. Skavlen has loaned his costly collection of birds.

Mrs. A. P. Lovejoy has given a kindergarten table, and the Janesville Art League has donated the tables and chairs. The children's room will be open every afternoon from 3 until 6 o'clock.

AMUSEMENT NOTES.

The manufacture of comic opera is an unprotective American industry which has flourished and developed, and in spite of that there is no tariff on the imported article. Ten years ago, when the late John A. MacQuill produced the first work of Reginald De Koven and Harry B. Smith, American comic opera was practically unknown, and managers produced nothing but English, German and French importations.

Since the success of "Robin Hood," however, nearly all the popular operettas have been of native manufacture. Supper and Genes have passed beyond. Milwaukee and Dellinger have not written anything successful of late. Strauss retains, even in his age, his wonderful gift of melody, but fails to find inspiration in the libretto offered him. Sullivan's later works, though they have a fascination of their own, have failed to hit the target of popularity.

"FOXY QUILLER"
In "The Highwayman."

There has been no successful French operetta since "La Cigale." American composers and librettists have the field to themselves, and they seem to be developing a school of American light opera which suits the taste of the public.

Such work as the "Little Corporal," "The Serenade," "Robin Hood," "Ron Roy," "The Fortune Teller," and "The Highwayman," are certainly superior to anything of the sort that has come to us from over the sea of late.

The visit of "The Highwayman" at the Myers Grand on Friday, March 30, will be the initial presentation of De Koven & Smith's latest and best opera in this city. And the visit will without doubt be looked forward to with much interest.

There is genuine love interest in "The Highwayman" and it does not lack that class of comedy that tends to make one laugh most heartily.

Richards & Pringle's—Rusco & Holland's Big Minstrel Festival, with its unbounded wealth of clever comedians, its corps of beautiful singers and nimble dancers comes to the Myers opera house March 29. The name of this famous attraction, through the excellence of its performance has become a household word throughout the country, and is emblematic of all that is really good in the minstrel field. It has been the school from which nearly all the noted performers of today have emanated, and no better recommendation can be given a comedian than that he has been able to hold an engagement with this famous organization. The management brings to us an entirely new show this season, new faces, new features and many acts by the old favorites. The scenic effect is a model of gorgeousness, and the costumes the most elaborate ever attempted. The immense street parade with its three magnificently equipped bands, its picaresque drum corps and the famous Kentucky thoroughbred horses, Bill,

MANY PEACH BUDS KILLED.

Loss in One Orchard in Michigan Fruit Belt Is 25 Per Cent.

South Bend, Ind., March 26.—Roland Morrill of Berrien county, Michigan, in the celebrated peach belt, whose remarkable peach crop in last year's unfavorable season justified the United States government in having many orchard views taken for the Paris exposition, has just made an exhaustive investigation in his orchard to discover the result of the last winter upon the peach buds.

He selected bolts in the lowlands, the most unfavorable for peaches, and, as a result, found that the peach buds killed ranged from 12 per cent among the Fitzgerald variety to 35 per cent of the St. John's. His most celebrated peach, the Elberta, shows a 22 per cent loss; the Lewis, 29 per cent, and the Kalamazoo 20 per cent, making an average loss of 22 per cent. Mr. Morrill says that with twice that percentage of loss the fruit would require thinning. It is estimated that last year, when peaches were nearly everywhere a failure, Mr. Morrill cleared \$12,000 by his peach crop.

Paris, March 26.—The sequel to the quarrel between Boni Castellane and M. Rodays of the Figaro has just come to light. The editor is said to be using his influence with the government to have one of the forthcoming royal visitors to the exhibition lodged at Castellane's new Trianon. It is said that Castellane is aspiring to the czar, but will at best get the negus of Abyssinia, King Menelek.

HE DENOUNCES DAMNATION.

Plymouth's Pastor Abjures Westminster Creed.

Brooklyn, March 26.—Newell Dwight Hillis, from the pulpit of Plymouth church—the pulpit of Beecher and Lyman Abbott—lung Sunday this defiance at the doctrines of the Presbyterian church, in which he had grown up and to which he still owes allegiance: "I would rather shake my fist in the face of the Eternal and fling every vile epithet toward the stainless throne, where eternal mercy sits with the world's atoning Savior, than lift my hand with that creed toward God's throne and affirm that I taught or believed it." Beginning his sermon with a statement of the great importance that ideals of the future life have for men, he quickly made the assertion that until evolution came the world had no data for an adequate discussion of the problems of right and wrong and penalty. He placed himself fairly and squarely upon the ground that both nature's penalties and God's punishments represent, not anger, but medicinal love, that they are not to break the bruised reed, but to bring growth and victory.

HORLOCKER CONFESSION OUT.

Eva Stewart's Sensational Testimony Is Excluded.

Hastings, Neb., March 26.—Judge Adams, who is hearing the Horlocker-Morey poisoning case, ruled that all of the testimony of Eva Stewart detailing Julia's confession of her love for Mr. Morey, and of their subsequent relations, should be stricken from the record. Miss Stewart was recalled for cross-examination by the state and was asked if it was before or after Miss Horlocker had asked to make a confidante of her that Miss Horlocker related to her the story as told by the witness. She replied that it was afterward. Upon this the testimony was stricken out, and the testimony of Witness Franklin that Miss Horlocker told him she was in love with a married man was also stricken from the record on the same grounds. The defense made no objection beyond saving the usual exception. It is announced that expert witnesses will prove that Miss Horlocker is afflicted with nymphomania, and therefore sexually a pervert and mentally unsound.

NEGROS' MODEL GOVERNMENT.

Pedro Paterno Expected to Surrender in a Few Days.

Manila, March 26.—Gen. Hughes, military commander of the island of Panay, has arrived here from Iloilo for the purpose of consulting with Gen. Otis. He says that the island of Negros has a model civil government. Everything is peaceful there, and the crop outlook is excellent. The situation in Cebu is improving. In Panay, however, the natives are restive, and Gen. Hughes expects that some campaigning will be necessary. Pedro Paterno, who was the head of the Filipino national assembly, proposes to surrender to the Americans. He is expected to arrive at San Fernando de la Union some time this week and give himself up. The authorities are dealing severely with newspapers which try to cause trouble with the natives. The mothers of Aguinaldo and Mabini, formerly Filipino minister of foreign affairs, are still kept under guard here. They are not allowed to talk with natives.

Constipation Cure.—Warner's White Wine of Tar Syrup, the best cough remedy on earth, cures a cold in one day if taken in time; 25 an 50 cents. People's Drug Co.

Bold Bank Robbery.

Hardy, Neb., March 26.—The National bank of Hardy was looted by four robbers at 4 o'clock Saturday morning. The entire front of the building was blown out and the vault was hurled in pieces into the middle of the street. The thieves secured \$10,000 and \$500 in gold was picked up in the streets. The robbers escaped in a spring wagon. Bloodhounds and fifty men are after them.

Dunlap, Crack Crackman, Caught.

Chicago, March 26.—James Dunlap, prince of bank robbers, and the most expert safe cracker that ever handled a drill, who was concerned in the blowing of the Manhattan bank safe in New York when the vaults were robbed of nearly half a million dollars in currency, was arrested by Central station detectives Saturday night, and will be held until half a dozen recent safe blowings in Chicago are explained. At the time of his arrest he was carrying a black hand satchel containing a full set of finely wrought steel drills, which had seen recent use. In the satchel was \$126.70 in gold and silver, mostly coins of small denomination, evidently the proceeds of safe robbery.

In Jail Instead of in Grave.

Cincinnati, Ohio, March 26.—Charles Morthaler, a cabinet-maker, of 1527 Race street, in a drunken craze on Saturday night tried to hang himself from a rafter in the attic of his home. Three times the rope broke, and while he was getting ready for the fourth attempt policemen arrived and took him into custody. He had been drinking heavily and had taken no food for several days.

MACHINISTS COMPROMISE.

Satisfactory Arrangements with Siemens & Halske Company.

Chicago, March 26.—An agreement has been concluded between the International Association of Machinists and the Siemens & Halske Electric works which will probably put an end to the machinists' strike in Chicago. The compact is in the nature of a compromise, but is in fact a victory for the union. The agreement foreshadows the settlement of the machinists' trouble in other cities of the United States. By the signing of the compact between 300 and 400 machinists will go to work at once, and it is believed that the other manufacturers in Chicago will follow the example of the Siemens & Halske company. The terms of the agreement are the most liberal which have so far been concluded between employers and employees, and the demands of the union have for the most part been conceded. It is the general opinion among labor men that other manufacturers will find the terms so advantageous that the end of this week will see the termination of the machinists' strike in Chicago. The union is recognized, but the mediation of the "business agent" is diminished. The union rate of wages will be 28 cents, and 32½ cents for die and tool makers. One apprentice is allowed for every five machinists and one for the shop at large. An arbitration board is provided for.

Strikers Gain Ground in Cleveland.

Cleveland, Ohio, March 26.—Fully 10 per cent of the striking machinists went to work this morning, thirteen factories having granted their demands. This does not mean that the strike is nearing a settlement, as only some of the smaller concerns have given in. The larger factories are expected to fight tooth and nail, and cause a long, stubborn struggle, which will involve hundreds of other workmen.

FIGHT FOR SNELL ESTATE.

Mrs. Stone, It Is Claimed, Has No Rights.

Chicago, March 26.—A contest of the will of Henrietta Snell in the Probate court was begun Saturday. One witness was heard and the matter went over until March 30. Only one of the witnesses to the will, De Witt H. Curtin of 409 Washington boulevard, was present. Mrs. Anna A. Cheney of 426 Washington boulevard, who had signed the instrument as a witness, was ill, it was said, and would not be able to appear for several days.

Mr. Curtin testified in the most positive terms to the testator's sanity and unbiased self-control. Mrs. Stone, it is claimed, was neither a natural nor even an adopted daughter of Mrs. Snell.

Wife's Love Worth \$15,000.

Wabash, Ind., March 26.—A sensational suit for damages has been filed in the Wells Circuit court, in which J. T. Luckey, a merchant of Decatur, asks \$15,000 from George McKean, surveyor of Adams county, for alienating the affections of Mrs. Luckey. McKean alleges blackmail and says Luckey has offered to settle for a cash consideration.

Ex-Gov. Stone Critically Ill.

Holly Springs, Miss., March 26.—Ex-Gov. John M. Stone is seriously ill at the home of his niece, Mrs. Ernest McKie. He arrived here Sunday, ill and weak, and immediately went to bed and has been more or less delirious ever since. His physician does not conceal his anxiety as to the final issue of the case.

DO YOU KNOW THAT

POOR PRINTING WILL do much toward injuring a man's business. A poorly displayed piece of dirty ink splattered onto a piece of paper and called

"JOB PRINTING"

can only call forth ridicule and destroy the value of the circular, notehead, or whatever it may be. GOOD PRINTING costs but little more than poor printing. The

Gazette Job Room

employs the best printers, new presses and the latest type faces. We make it a point never to let a poor piece of printing leave the office. When you get work done here you can be sure that IT IS RIGHT.

Farmers Plan a Supply Combine.

Kokomo, Ind., March 26.—The farmers in this section of Indiana have gone into a combine. This week ten carloads of grocers' sundries were shipped to the farmers of Howard and adjoining counties. More than 200 farmers were at the station with wagons to haul the goods home, some of them driving thirty miles for them. The farmers claim they save 10 to 15 per cent of the prices charged by retailers and get better goods. Similar shipments, it is said, will be made every three months.

Exquis Attack Mexicans.

El Paso, Tex., March 26.—News has reached here of an engagement between the Yaqui Indians and Mexican troops that occurred last Monday. The Indians, who have strong fortifications in the Cucate mountains, made a sortie and attacked the Mexican troops encamped a few miles distant in the valley. They drove in the Mexican outposts, but after brisk firing that lasted for two hours were repulsed by the main body. The loss on either side was insignificant.

THIS DAY IN HISTORY.

1516—Conrad Gessner, Swiss scholar and naturalist, born; died 1565.
1720—Sir John Vanbrugh, English architect and dramatist, died; born 1669.
1812—Thomas West Sherman, soldier, born in Newport, R. I.; died there 1879. General Sherman may be readily confused in our histories with William Tecumseh Sherman, the distinguished namesake. Early in the civil war he was engaged on the Atlantic coast, but later took part in the campaigns in the southwest, the scene of triumphs which made Tecumseh's fame.
1857—John Mitchell Kemble, English scholar, especially in Anglo-Saxon, died; born 1807.
1860—General Alfred H. Colquhoun, senator from Georgia and a prominent ex-Confederate, died in Washington; born 1824.
1896—President Hippolyte of Haiti died; born 1836.
1898—James Fyfe, the English novelist, died in London; born 1823.

THE CITY CAMPAIGN

Janesville people are to be congratulated on the fact that the spring campaign is being carried on along non personal lines. We are all living here together and we all know that the candidates on both tickets are good, clean men. Abuse of anyone, therefore, will only go for what it is worth, and will injure the abuser rather than the abused. The only issue is that of republicanism versus democracy. James A. Fathers, Marshall P. Richardson, W. S. Jeffries and Jesse Earle on the city ticket, stand for republicanism only, and the same is true of all the ward candidates. The "other fellows" stand for democracy. The only question, therefore, is "which party do you favor, President McKinley's party or William J. Bryan's party?" At the last general election the plurality in Janesville was about 700 against Bryanism, and the issue in this campaign is a clean cut as it was then.

The republicans should vote the straight ticket to a man. The republican candidates are all as good men as there are in the city, and in no way, and in no instance, would the city suffer by their election. The campaigners may try to "trade votes," and sacrifice some of their candidates in the interest of others on their ticket, but no republican should be a party to such perfidy. The transaction is as discreditable to one party as it is to the other, and such deals have no place in the clean political campaign that should rule in towns of Janesville's size and standing. No charge is offered that such deals are being made, or have been made, but, as is above stated, they may be made unless the republicans put their foot down and refuse to have anything to do with such bargains. Right is right, and justice is justice.

Vote the straight republican ticket, and serve no master but yourself. If you turn all the grindstones you are asked to turn, you assume a life contract and work exclusively for the benefit of those who would use you to their own selfish ends.

Senator John C. Spooner paid his respects to Senator Tillman the other day, and made the South Carolina senator realize that bull-dozing was not always effective. It was the triumph of "mind over matter," and the prediction is made that the South Carolinian will think twice, hereafter, before he invites the knee shafts that he well knows he will get when he tackles the senior senator from Wisconsin. Bluff and bluster have been Tillman's stock in trade, and as a general thing the other senators have been afraid of him.

Wausau's \$60,000 High school building was dedicated with imposing ceremonies. The Wausau people appear to have the right idea—that their new school building is the proudest monument they could erect.

Wisconsin sportsmen, however, have the satisfaction of knowing that their

brother shooters in Illinois, Michigan and other adjoining states are enjoying excellent duck shooting these days. Theory looks rather cheap when compared with practical reasoning.

It will be noted that when a Green Bay girl got a verdict of \$500 damages in a breach of promise case, Mr. Carnegie at once proceeded to induce Mr. Frick to call off his dogs. Wisconsin sets the pace in all things.

As the republican candidate for mayor of Madison is named Fish, and the democratic candidate is a butcher, the fight in the Capital City this spring may properly be said to be of "the Fish or cut bait" order.

The municipal campaign in Milwaukee has reached the double-column and black type stage, but there is still every evidence of the fact that the people know what they want to do and propose to do it.

Chicago bids fair to surprise herself in the matter of the purifying of her government. A state senator has just been jailed for shooting an ex-alderman.

Adjutant General C. R. Boardman denies that he is a candidate for governor, and says his use was made of his name without his knowledge or authority.

Virginia fought a draw with herself Saturday—a negro and a white man were lynched.

The Loud bill is dead. It struck bottom with a quiet, but exceedingly dull thud.

The first robin was reported on Saturday, and the next day it snowed.

INGALLS DENOUNCES THE SHELTON IDEA

Former Kansas Senator Says the Author of "In His Steps" is Guilty of Sacrilege.

Topeka, Kas., March 26.—The initial number of the Kansas Knecker, a local magazine, contains an article by John J. Ingalls, inspired by the Rev. Charles M. Sheldon's efforts to run a newspaper. Extracts follow:
"I belong to no church, and subscribe to no creed, but I believe in God and immortality, and that we shall reap what we sow, here and hereafter. I recognize religion as a prodigious force in human affairs and Christianity as one of its most impressive manifestations.
"What Jesus would do were he in Kansas today can best be determined by considering what he did when he was in Nazareth and Capernaum 1,900 years ago. He attended strictly to his own business; he did not meddle in other people's affairs. He only sought to establish a spiritual kingdom, and his empire was in the hearts of men. He told his followers to render unto Caesar the things that were Caesar's. He neither bought nor sold nor interfered with politics. He said that all men were brethren; that God was their father, and that they should do as they would be done by.
"Ecclesiastical mountebanks who are directly responsible for the blasphemy of asking how Jesus would behave if he were a barber; what he would do if he had a headache; how he would run a daily newspaper; how he would act if he were in General Buller's place in south Africa, are inflicting irreparable injury upon the cause of religion. They made a joke of the passion in the Garden Gethsemane and cast contempt upon the agony of Calvary.
"It would be no greater sacrilege to ask what God would do. It is desecrating the greatest name in world's registration. It is trifling with the most awful mystery of the universe."

Artificial Coal.
The artificial coal of Montague is claimed to cost only half as much as the best Silesian or Scotch coal, while having three times the heating power. Peat moss and a special clay, with several residual substances, are understood to be constituents. Most of these materials exist in the soil in the suburbs of Mannheim, and it is at this spot that a new coal factory is projected.

Yukon a Fine Cycle Path.
Tacoma, Wash., March 26.—The mighty Yukon river has been converted into a winter bicycle path. The most wonderful trip of the arctic cycling season was made in February by Morris Levy, between Dawson and Circle City, a distance of 365 miles, which Levy made in three days and four hours, or at a gait of better than 100 miles a day. Among those starting over the Dawson-Nome trail last month were two women, both riding bicycles. The trail is pronounced excellent for wheeling, the Yukon ice being smooth for long stretches.

A Steel Cook Stove Is a Fuel Saver.

Especially so is the MOORE STEEL GEM STOVE...

The body is made of heavy cold rolled sheet steel lined with thick asbestos board which is held in place by an inner lining of steel. It does not occupy as much floor space as the ordinary cook stove, yet the oven is larger and is absolutely buckle proof. Women who are now using Moore Steel Gem Stoves praise them highly.

They make kitchen work about half and are handy in every way. Not an expensive stove either; they burn wood or coal. Don't purchase without first examining the Moore.

There Is Much Doubt About Their Being in Court Tomorrow When Their Case Is Called

When the case of the state of Wisconsin against Jesse Hall, Joseph Briggs and George Curley is called in the municipal court of Rock county tomorrow morning there is considerable doubt about the defendants being in attendance. The three defendants were arrested charged with being drunk and disorderly on Sunday. They were all under twenty-one years of age and it is alleged that the state that they obtained their liquor at a West Milwaukee street saloon. It is to be convicted the saloon keepers that the boys are wanted. They are out on bail in the sum of \$100 each. Sheriff Appleby and Chief Hogan signing the bail.

STEAMER MAYFLOWER BOTTOM OF RIVER

Captain Richard Griffiths Craft Badly Injured—Looks As Though Boat Could Not Stand Weather.

The steamer Mayflower now rests peacefully on the bottom of Rock river. Yesterday Captain Richard Griffiths first noticed that the boat's hull had disappeared beneath the waves. Whether or not the sinking of the Mayflower was an accident remains to be seen. Some have the opinion that guilty parties sunk the boat intentionally. Captain Griffiths is of the opinion that the ice in the river injured the hull to such an extent that it was made leakable. During the winter the boat has been afloat in the river at the west end of the Fourth avenue bridge.

GIVES PUERTO RICO RELIEF.

President Signs \$2,000,000 Appropriation.

FORAKER BILL RECOMMENDED.

House Tariff Provision to Be Separated from Administrative Measures for Separate Vote on Thursday if Possible.

Puerto Rican Relief Bill Signed. Washington, March 26.—The Puerto Rican appropriation bill was signed by the president Saturday afternoon.

House Passes Relief Bill.

Washington, March 26.—After a brief and spirited debate the house Saturday took the last congressional steps in completing the Puerto Rico relief bill, agreeing to the conference report by a vote of 185 to 87. The bill turns over to the president for the use of Puerto Rico about \$2,000,000 of customs receipts collected on Puerto Rico goods up to Jan. 1 last and such amounts as may hereafter accrue until otherwise provided by law. The debate lasted an hour, but in this time the range of Puerto Rico legislation was discussed.

Foraker Bill Recommended.

Washington, March 26.—For a few minutes in the senate Saturday surprise, bordering on almost consternation in some quarters, was created by a request of Mr. Foraker that the Puerto Rican government bill be recommended to the Puerto Rican committee. During the elucidation of his request Mr. Foraker indicated that it was his purpose to separate the bills and press the Puerto Rican tariff bill to an early vote, his desire being to have the vote taken not later than next Thursday, probably amended so as to have the duty apply only to exports to the United States proper, and not to imports from this country.

House Asks Light on Open Door.

Washington, March 26.—On Saturday the house adopted the favorable report from the committee on foreign relations on the resolution of inquiry into the matter of maintenance of the open-door policy in China by which the president is requested to transmit to the house the correspondence on this subject.

Want Cuban Railway Concession.

Washington, March 26.—Sir William Van Horne, managing director of the Canadian Pacific railway; Gen. Grenville M. Dodge and Gen. Samuel Thomas had a conference Saturday with the secretary of war regarding their plan for a complete railway system to gridiron Cuba, with a line the entire length of the island at the main trunk.

Busy Week for Congress.

Washington, March 26.—The army appropriation bill will be taken up today and doubtless will serve for a text for a wide latitude of discussion on military affairs. The latter part of the week will be devoted to the naval, agricultural or the fortifications appropriation bills. In the senate, Puerto Rico, according to present indications, will step aside temporarily at the beginning of the week in order to afford Senator Carter an opportunity to secure consideration for his Alaskan code bill. The present condition of affairs in Alaska and the prospect of a still greater influx of people into that territory make the Alaskan legislation very important.

Tribute to Indiana's War Governor.

Washington, March 26.—The statue of Oliver Perry Morton was formally presented to the nation Saturday by the state of Indiana. Charles W. Fairbanks, the senior senator from that state, made the presentation speech. Senator Beveridge also spoke briefly, but eloquently, in eulogy of Mr. Morton, making covert but pointed reference to his predecessor's fearless independence as a republican, stalwart as applicable to the current complications over the Puerto Rican tariff.

Gen. Wheeler on Waiting Order.

Washington, March 26.—After several conferences between Gen. Wheeler and the administration it was announced that the war department had temporarily disposed of his case by placing him on waiting orders. This action retains Gen. Wheeler in the service of the United States until opportunity is had to determine whether he shall be given an active command, made the subject of a special retirement act or mustered out of the military service in company with Gens. Lee and Logan.

Relief for 5,000,000 Needed.

Washington, March 26.—The secretary of state is informed by a cable telegram from the viceroy of India, Baron Curzon of Kedleston, in reply to offers of aid to the sufferers from the famine in India, that, while the India department is endeavoring to fulfill its duty to save 5,000,000 persons from starvation, contributions from any American friends of India will be thankfully received.

American Flags for Philippines.

Washington, March 26.—Col. Allen C. Blakewell, commander Lafayette post, G. A. R., and Col. Brown, adjutant of the commandery, have arranged with Secretary Root to send 500 regulation United States flags to the officials of the towns and villages throughout the islands, as was done in the case of Puerto Rico.

CHARGES PLOT TO MURDER.

Wharton Golden Specific in His Testimony.

SAYS POWERS PLANNED DEED.

Plot, He Insists, Was Not Only to Kill Goebel but Also Sufficient Number of Legislators to Give Taylor Working Majority.

Frankfort, Ky., March 26.—Protected by a guard of fifteen soldiers, T. Wharton Golden of Barbourville, the star witness for the commonwealth in the case of Secretary of State Caleb Powers, charged with being accessory before the fact to the assassination of William Goebel, Saturday told a tale that has startled and shocked Kentucky from center to border.

What Golden said upon the witness stand in the Franklin County court is true—and his reputation for veracity stands unimpaired—men of high station not only plotted to have Goebel murdered, but actually contemplated the slaughter of other democratic members of the legislature for the purpose of giving the republicans a majority in both houses of the legislature. Golden's evidence was tremendously sensational throughout, and twice he broke down completely under the strain, and required the services of a physician.

After detailing his personal and political intimacy with Secretary of State Powers, witness declared that the latter had sent him to Harlan county to tell Postmaster Hix to send down ten men who were regular mountain feudists, "men who would stand up, and, if necessary, go into that legislative hall and kill off enough to make it in our favor. We wanted men who had good Colt's 45s."

In answer to further questions, Golden said Powers gave him \$160 to give to Judge Bingham in Bell county. He gave some of it to Bingham to send ten men down to Frankfort. The witness identified a receipt for \$50 given by Bingham. The witness also said he gave Mr. Howard \$73.80 for ten tickets to Frankfort and return. He knew some of the men from Bell county. The men, a good many of them, were mountain feudists. In all, about 1,200 or 1,500 men were brought to Frankfort. They were fed back of the state house. Capt. Davis and Charles Finley provided the provisions. "We sent most of them back that night, but about 175 men of the mountaineers brought to Frankfort remained here to see that we got justice. We understood what they were kept here for. We knew that those men were here to go into that legislative hall, and, if necessary, clean out the democrats; enough to make a majority on our side."

The above created a sensation in the courtroom. Golden said he was in the executive building on the day before the shooting. He met Caleb Powers in Gov. Taylor's ante-room and agreed to go with him to Louisville. Powers and a black-red mustached man had a talk concerning the closing of Secretary Powers' office during the latter's absence.

"I had my back turned," Golden said, "but when I turned I saw John Powers give the key to the man. John Powers said to me, 'Goebel is going to be killed this morning.' I said, 'This must not be done.'"

"They had two negroes there to kill Goebel. John Powers told me so. They were Hockersmith and Dick Coombs. I saw Dick Coombs at a drug store near the depot every morning for a week or so previous to the shooting. Coombs, talking to a man named Wallace, in my presence, said: 'D—him, I know him as far as I can see him, and I can kill him as far as I can see him.' He was talking of Goebel. This conversation was in the adjutant-general's office. He also said, 'I know his every movement, and I can hit him as far as I can see him.' He carried a Colt's 32 that shoots a Winchester cartridge, six or eight inches in the barrel. Coombs was in the assistant adjutant-general's office on the morning of the shooting with Hockersmith and Jim Wallace."

"R. J. Howard of Harlan county came up and he talked to Taylor. He insisted on Taylor's calling on the militia. Taylor said, 'My God, you people must do something first'; adding, 'I can get the militia quick enough. You fellows must act first.' By that I understood we fellows must raise a riot in the senate chamber. Goebel was there. As I told you this morning, we would clean out enough of that legislature to make it our way."

Taylor Calls for Federal Help.
Louisville, Ky., March 26.—Gov. de Facto W. S. Taylor has officially notified President McKinley and Secretary of War Root that there is danger of conflict between two armed forces at the Kentucky capital.

President Will Not Act.
Washington, March 26.—It is authoritatively declared that the administration will take no action in the Kentucky affair, unless the situation should become acute.

Baxter and Lemieux Guilty.
Montreal, March 26.—James Baxter, the Montreal broker, and Ferdinand Lemieux, former accountant of the defunct Ville Marie bank, charged with conspiracy to defraud the bank of a large sum of money, have been found guilty, the jury, however, joining in a recommendation to mercy.

Rothschild's Auto Too Shabby.
Paris, March 26.—At the automobile carnival at Nice the committee refused to allow Henry Rothschild's motor car to take part in the procession because it was too poorly decorated.

CANCER IS NOT INCURABLE

Time was when Cancer was considered as incurable as leprosy. Physicians and friends could give little relief or encouragement to one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady; while admitting it to be a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out, but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in its place, for the disease is in the blood—is deep-seated and destructive, and beyond the reach of the surgeon's knife or caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisonous, effete matter before the Cancer sore will heal.

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It builds up and invigorates the old, and supplies new, rich, life-giving blood. S. S. S. is a purely vegetable remedy; no mineral can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you?

Cancer is not always inherited; your family may be free from any taint, yet your blood may become so polluted that a severe and stubborn form of the disease may develop from a sore or ulcer on your tongue or other part of your body; a slight bruise or hurt, a little pimple on the eyelid, lip

or nose, a small lump on the jaw or breast, a harmless looking wart or mole, and other causes so insignificant as to attract little or no attention. If you have an obstinate sore, don't rely upon salves or ointments to cure it—begin with S. S. S. at once; it will cleanse your blood and prevent the formation of cancerous cells.

Mrs. R. Shirer, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious until the jaw began to swell and became much inflamed. At the same time the sore began to spread and eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any good. I then began the use of S. S. S., and after taking several bottles the Cancer healed, and there is now no sign of the disease. This was two years ago, and I am still enjoying perfect health."

Send for our special book on Cancer; it contains much information that will interest you; it is free.

Write our physicians about your case, and for any advice or information wanted; they have made a life study of Cancer and all blood diseases. We make no charge whatever for this.

A CARD

I had a dull, heavy pain across my kidneys and it hurt my back to bend over or straighten up quickly. My urine was of a dark red color. I heard about Morrow's Kid-ne-olds and secured a package and took them according to directions, and in three days was completely relieved of kidney backache, and restored my urine to its natural color. I will continue to use Kid-ne-olds and will recommend them to my fellow workers."

Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises:

"Thy meats be delicate and dairy fed, Tender nor highly spiced thy food."

"I eat the kind of meats we serve at all times, 'delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."

BOERS RETAKE GRIQUATOWN.

Loyalists Thrown Into Prison
West of Kimberley.

KRUGER AND STEYN AT ODDS.

Information Received at Kimberley
from Native Boers Claims That
Boers Are Retaking from Kroon-
stadt.

London, March 26.—The following has been received from Barkly West under date of Saturday: "Griquatown was recaptured Thursday by 400 Boers. A column left Kimberley yesterday (Friday) to drive them out. It is reported that all the loyalists there, including the women, have been imprisoned."

Another dispatch, this from Kimberley, under same date, says: "Prisoners brought in here report that a force of British cavalry has entered the Transvaal and penetrated to a point eighteen miles north of Christiana. The British forces at Fourteen Streams are being strengthened. A movement northward is expected soon."

It is reported this morning that the Boers are retreating from Kroonstadt. This information also comes from Kimberley, where it was probably received by a native runner. It seems scarcely probable, however, that the burghers would retire from such a strongly entrenched position as Kroonstadt without being compelled to do so, and as Lord Roberts has not yet made a move, too much importance need not be attached to the report.

It is rumored at Springfontein that the Boer committee at Kroonstadt has deposed President Steyn, while at Bloemfontein President Kruger's annexation proclamation is treated with ridicule. There seems to be a general consensus of opinion among the correspondents that Presidents Kruger and Steyn are at daggers drawn, but no one apparently understands the policies of the two presidents.

South African Dominion Planned.

London, March 26.—It is understood that the committee of the British cabinet which has been deliberating on the political future of South Africa in general and the Boer republics in particular has already decided to provide for a governor general for all South Africa and form federated governments, patterned after the Dominion of Canada.

Belgian Transvaal Concessions Voted.

Brussels, March 26.—It is announced that President Kruger has annulled the Belgian railway concessions in the Transvaal. Much Belgian capital is invested in these concessions, and grave commercial complications are likely to result. The concessionaires claim that they were compelled to bribe Kruger and his council.

Dr. Leyds Invited by Delcasse.

Paris, March 26.—It is said that Dr. Leyds, the Transvaal diplomatic agent, will attend the banquet which M. Delcasse, the minister of foreign affairs, tenders to the diplomatic corps on March 31.

Kipling Has a "Sit" Once More.

Bloemfontein, March 26.—Rudyard Kipling is hard at work in the office of the "Friend," a newspaper that is edited by the war correspondents for Gen. Roberts.

Barber Stricken Dumb.

St. Louis, Mo., March 26.—The talkative barber has been overtaken with retribution. Charles Cratzer lost the power of speech while in the act of suggesting a "hair cut" to a reluctant Saturday customer.

His case is a puzzle to the city hospital physicians. They agree that he is suffering from aphasia, but his is one of the few instances in which the disease developed as to be able to faintly so far recovered as to be able to faintly utter "yes" or "no," but all other sounds from his lips were without meaning.

Commission to Visit Orient.

Washington, March 26.—The senate Saturday passed a bill authorizing the president to appoint a commission of five to study the commercial and industrial conditions of China and Japan. The bill carries an appropriation of \$75,000 to defray the expenses of the commission which is to stay abroad at least a year.

Chicago Sport Wins \$37,500.

Hot Springs, Ark., March 26.—One hour and ten minutes' play over the faro table of the Southern club Saturday made a difference of \$37,500 in favor of Matt Hogan, the well-known Chicago sport and wine agent, who had been playing the horses in Leo Mayer's poolroom with varying success for the last two weeks, "piking" along until he had got to the good about \$2,000.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, (N. Y.), dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come as the child was much better. The druggist, Mr. Otto Sholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Smith's Pharmacy next to postoffice, kodak agents.

New York's Big Ditch Began.

New York, March 26.—Ground was broken for the \$35,000,000 rapid transit tunnel Saturday with appropriate ceremonies in City Hall park. After some speeches August Belmont, president of the construction company, handed the silver spade to Mayor Van Wyck. The mayor took off his silk hat, placed it beside the hole in the ground, sprang in, and sending the spade deep in the earth, took up a spadeful and dumped it into his hat. President Orr took out the second spadeful of earth. Vice-President John H. Starin was next, and he was followed by August Belmont and John E. McDonald, the contractor. Then in turn the silver spade was wielded by Commissioners Reives, Langdon and Jesup and Comptroller Coler, and the ceremony was at an end.

Hindoo Prince and Hindoo Menu.

New Haven, Conn., March 26.—A self-styled Hindoo Prince, and who is working out a sentence for defrauding a local hotel proprietor, complains bitterly of the fare at the prison.

It is not only beautiful women who hang over the mirror in the morning. Anxious women who are watching the waning of their beauty, stand before the mirror and note the increasing lines etched by pain about the mouth and eyes. Thousands of such women, wrecked in body and in disposition, haggard, nervous, irritable, cross, have by the use of Doctor Pierce's Favorite Prescription been entirely cured, and watched with delight the progress of the cure, marked by brightening eyes, reddening cheeks, and rounding form.

Woman's general health depends largely upon the local health of the organs distastefully feminine. Irregular periods in childhood, followed after marriage by debilitating drains, and the common consequences of motherhood, inflammation, ulceration, and displaced organs, ruin the general health. These conditions are entirely removed by "Favorite Prescription," the body blossoms in a new beauty, and the mind is entirely freed from gloom and despondency. "Favorite Prescription" is not a stimulant, containing no alcohol or whisky.

"In October 1893 I gave birth to a baby and the treatment I received at the hands of the midwife left me with female weakness," writes Mrs. Cordelia Henson, of Coalton, Boyd Co., Ky. "I had no health to speak of for three years. I had another baby which was the third child. My health began to fail and I had three miscarriages so I found myself completely worn out. I had so many pains and aches my life was a burden to me and also to all the family. For I was nervous and cross and I could not sleep. Just after my last miscarriage (in 1896) I was taken with a severe pain in left side of the chest. I had to see to me but at last I found I was slowly dying. The doctors said I had liver, lung and uterine trouble. I was in bed for months and when I did get up I looked like a corpse waiting about. I commenced to take Dr. Pierce's Golden Medical Discovery, 'Favorite Prescription,' and 'Pell's' and ever since then I have been a well woman. At my monthly period now, I have no pain. My cheeks are red and my face is white, but before it was as yellow as saffron."

ELECTION NOTICE.

Office of County Clerk,
March 26th, 1900.

To the Electors of Rock County:

Notice is hereby given that a judicial election is to be held in the several towns, wards and election precincts in the County of Rock, on the 3rd day of April, 1900, at which the officers named below are to be chosen. The names of the candidates for each office to be voted for, whose names have been certified to this office, are given opposite the title of the office and under the appropriate party or other designation, each in its proper column, and the questions submitted to a vote are stated below:

INFORMATION TO VOTERS.

The following instructions are given for the information and guidance of voters: A voter, upon entering the polling place and giving his name and residence, will receive a ballot from the ballot clerk, which must have indorsed thereon the names or initials of both ballot clerks, and no other can be used. Upon receiving his ballot the voter must retire alone to a booth or compartment, and prepare the same for voting. A ballot clerk may inform the voter as to the proper manner of marking a ballot, but he must not advise or indicate in any manner whom to vote for. The voter must make a cross-mark, X, after the name of each person he desires to vote for. If he wishes to vote for a person for a certain office whose name is not on the ballot, he must write the name in the blank space under the printed name of the candidate for the office. The ballot should not be marked in any other manner. If the ballot be spoiled it must be returned to the ballot clerk, who must issue another in its stead, but not more than three in all to any one voter. Five minutes' time is allowed in booth to mark ballot. Unofficial ballots or memorandum to assist the voter in marking his ballot can be taken into the booth and may be used to copy from. The ballot must not be shown so that any person can see how it has been marked by the voter. After it is marked, it should be folded so that the inside cannot be seen, but so that the printed indorsements and signatures of the ballot clerks on the outside may be seen. Then the voter should pass out of the booth or compartment, give his name to the inspector in charge of the ballot box, hand him his ballot to be placed in the box and pass out of the voting place. A voter who declares to the presiding officer that he is unable to read, or that by reason of physical disability he is unable to mark his ballot can have assistance of one or two election officers in marking the same to be chosen by the voter; and if he declares that he is totally blind he may be assisted by any person chosen by him from among the legal voters of the county. The presiding officer may administer an oath in his discretion as to such person's disability. The party designations and candidates for the different offices are as follows:

Trying to Save Lyman's Assistant.
Chicago, March 26.—Strenuous efforts are being made by the East Chicago avenue police to have the shooting of ex-Alderman William H. Lyman by Assemblyman John F. O'Malley appear as an accident. Dr. Crowe, however, who extracted a bullet and dressed the wounds, insists that two wounds had been inflicted by O'Malley and that they were caused by two bullets, thus disposing of the accident story. Notwithstanding this feat the police exhibited O'Malley's revolver with only one empty cartridge, but it was intimated that a loaded cartridge had been inserted in the place of one of the discharges, so as to make it appear that only one shot was fired.
